

mag-mag 1.

THE SEED OF LIFE:

THE TRINARY MAG MODEL

in the Magyar language,
MAG means *SEED* or *core*.
MAG-MAG suggests that **everything** is *SEED*.
and indeed. so simple and basic.

but what is a SEED?
it is the perfect vessel of life,
the formula of survival,
a universal model,
the basis of all analogy and connection.
the SEED carries the basic program of life. it carries the law.
it is everywhere, coded in everything.
but we have forgotten.

THE MAG or SEED:

it is a trinary concentric structure

THE SEED STRUCTURE:

the sequence of creation, manifestation:
ONE, TWO, THREE.

THE PLANT SEED:

1. CORE, 2. ENDOSPERM, 3. COAT

in Magyar, both the whole seed and its core are called MAG.
this is the basis of holography, one of the major laws of the universe.

THE SUN:

1. CORE, 2. RADIATIVE ZONE, 3. CONVECTIVE ZONE

THE EARTH:

1. CORE, MAGMA, 2. MANTLE, 3. CRUST

EVERYTHING:

1.ENERGY, 2. INFORMATION, 3. MATTER

HUMANS AND ALL BEINGS:

1. SOUL, 2. MIND, 3. BODY
or 1.heart, 2.consciousness, 3. physical reality

OUR VITAL CAPACITIES:

1. FEELINGS, EMOTIONS, SENSES,
2. THOUGHTS AND WORDS,
3. BEHAVIOUR AND DEEDS

ALL PHENOMENA OF THE WORLD:

1. NATURE, 2. OPERATION, 3. STRUCTURE

(these are represented by the basic figures of the point and circle, the vertical line and the cross, as present in all ancient cultural patterns and motifs)

THE WORLD ITSELF:

1&2. 95% OF OUR UNIVERSE CONSISTS OF THE INVISIBLE WORLD OF ENERGY AND INFORMATION,
3. ONLY 5% OF THE WHOLE IS THE VISIBLE WORLD OF MATTER

THE HUMAN EYE:

1. PUPIL, 2. IRIS, 3. MUSCLE, BLOOD & NERVE

RACES OF THE EARTH (parts of the racial MAG):

1. MAGYAR, NAGAR, AMAZIR, MEDE, MAYAN...
2. SCYTHIAN, SIKUL...
3. HUN ETC. PEOPLE AND CULTURES

the collective of humanity makes up one single seed.

all races originally belong to one or the other seed part of the whole human race. the ancient, original, indigenous people, the first nations still remember and carry mementos of this Unity in their culture, language name.

such are/were the **Sumerian/Mede, Parthian, Hun, Scythian, Magar/Magyar, Etruscan, Celtic, Basque, Native American, African, Maghrebi, Australian Aboriginal, Uyghur** etc.

(although Magyar is translated as Hungarian, you can see how Magyar and Hun are related but NOT identical!)

once upon a time, the free and wise people of the Earth consciously formed a SEED unit. who knows what we were and can be capable of in a united heart, mind and will?

THE ATOM:

1.PROTON, 2.NEUTRON, 3.ELECTRON

this is the only natural, organic, complete, holistic, holy, universal and singular basic pattern of life.

FUNCTIONS OF THE LIVING CELL'S PARTS:

1. HEREDITY AND INFORMATION-STORING,
2. METABOLIC SUBSYSTEM,
3. BORDERING AND INSULATION

FUNCTION OF THE PLANT SEED'S PARTS:

- 1.TRANSMISSION OF ORIGINAL MATTER AND ENERGY,
2. DISTRIBUTION OF NUTRIENT AND ENERGY,
3. PROTECTION AND GATE

originally human languages are also structured upon the SEED model and program.

Magyar means: *of the SEED*. (although in English Magyar means Hungarian, ultimately all original MAG cultures, languages and races are Magyar: of the SEED)

THE MAGYAR LANGUAGE:

this and only this linguistic model preserves the MAG-structure, code and logic

the keepers, the original, indigenous first nations kept the code intact in their language and traditions. see ancient circular constructions, wheat and stone circles, the Sumerian Gods' wristwatch, the trinary SEED sign everywhere throughout the world and history.

THE MAG CODE (LAW OF THE ONE):

- 1.TWO-IN-ONE,
- 2.THREE-IN-ONE,
- 3.ALL-IN-ONE

PERSONAL PRONOUNS OF THE MAGYAR LANGUAGE:

1. I (ÉN),
2. YOU (TE),
3. HE/SHE/IT (Ő)

original Mag, Scythian and Hun languages all have gender-free pronouns!
like Sumerian, pre-ancient Greek, Aborigine, American Indian.
they preserved the holistic MAGic mentality and society,
where i, you and he/she/it held hands and moved in a circle. these languages
and cultures are by now almost completely extinct.

at a certain point in history, a radical schism happened, and the pattern broke. a new language family was born from a cracked and hacked MAG program:

THE SEMITIC LANGUAGE PROGRAM (FROM AROUND 2600 BC, SINCE ABRAHAM):

1. I,
2. YOU: BROKEN IN TWO,
3. HE/SHE/IT: BROKEN IN TWO

such are Hebrew and Arabic with their expansive and parasitic patriarchal system.

soon after, a further mutation happened and a new variant of the virus appeared:

THE INDO-EUROPEAN LANGUAGE PROGRAM (FROM AROUND 1700 BC IN SANSKRIT, C.800 BC IN GREEK AND C.300 BC IN LATIN):

1. I: EGOCENTRISM (capital I) but weakness (no consonant),
2. YOU: WEAKNESS (no consonant),
3. HE/SHE/IT BROKEN IN THREE: subordination of *she* (women and the feminine), and the *it* (all of nature objectified and degraded as lifeless) by the *he*

such is Sanskrit with its dividing cast system and patriarchal Brahminism. and such are all European languages from Latin to Germanic and Slavic, with their patriarchal militant colonialism.

the original human code which secured our alliance with the universe has been broken. its conscious manipulation is the great scam and scheme of history: **the**

Great Patriarchal Conspiracy,

at the cost and by way of breaking the code in ALL OF US who must speak broken seeded languages. the Semitic and the Indo-European programs are out of synch with the laws of the universe, with the original global and human pattern. they are vitally wrong.

in both of them, the masculine, physical and rational principle is first and foremost in a tyrannical way.

the feminine, spiritual and intuitive principle is repressed, oppressed and suppressed as second-rate.

further in the Indo-European, nature is objectified, abused and devastated as lifeless neuter.

our entire current paradigm is based on a wrong mental virus program which corrupted its own origin, a political virus program which devours its own source.

see how the political systems of the world were cracked when the ancient, original language programs were hacked – and how the bad code spread in forms of empires with a specific dividing, subordinative program: patriarchal, imperial, parasitic, aggressive and colonial, as the Akkadian, Assyrian, Persian, Greek, Roman, European, Russian, Arab, American and the hidden Greater Abrahamic imperial program.

these are founded on hacked virus programs implanted in language, mentality, religion, society and politics. the semitic variant is broken into two in two strata, the Indo-European variant is a further mutation, broken into three in one stratum. and the victims have been those original nations, kingdoms and empires who fell at the hands of aggressive expansion and unsustainable consumption: the great ancient civilizations. deeply occult and secret circles and brotherhoods make sure the common linguistic, mental, behavioural, religious, social, political and economic program is hacked, and that all traces to the original good program are erased from common consciousness.

the breaking of the seed creates a mental and behavioural pattern that is not round but linear, not coordinative but subordinative. this miscoding is the root of all global civilizational problems.

social and ecological division and subordination appears in:

materialism, rationalism, patriarchy, sexism, racism, colonialism, war, the subjection and exploitation of nature and the earth. disregard for the laws of the universe. oppressed spirituality and intuitive capacity. oppression of the metaphysical world, primacy of the visible and tangible, obtainable, consumable and consuming reality. these bring about unsustainable mechanisms and systems.

the physical, intellectual and financial imperial armies systematically exterminated the keeper cultures and languages. but the people have collective memory! in our memory, our original language and order is alive: ÉN-TE-Ō. **unity and coordination.**

all our key words with mag- refer to the memory of the SEED: *magma, magnificent, major, magic, mediation, meditation...* but even the word *Semitic* refers to the Sem: the SEED. too bad the Semitic language family was the first to break away from the tradition of the SEED.

THE ORIGINAL HOLY TRINITY:

1. MOTHER (ANYA), 2. FATHER (ATYA), 3. CHILD, OFFSPRING (IFJÚ)

note the correspondence between the sounds in *én-anyá*, *te-atyá* and *ő-ifjú!*
this is evidence of the basic and specific resonance within the seed! sounds carry vibrations, the éN-Te-ő is a resonance scale: a vibration code.

(the 3 forms of God are well known by all ancient traditions of knowledge. metaphysically and mathematically, they are: zero or Nothingness, Emptiness, one or the One, and infinite or All)

with the artificial and aggressive introduction of the bad linguistic code and with it the wrong mentality program, our sense of God has been hacked by the virus program of Father-Son-Holy Spirit Trinity. here the Creator, first and omnipotent single source is the Father God. the Mother God barely appears, in sublime forms at most. cracking and confusing the good code of Mother-Father-Child is a basic scam: a sacrilege. the original sin, the first mistake is the manipulation, turning and unreciprocally dominating the sexual order.

THE NUCLEAR FAMILY:

1. MOTHER, 2. FATHER, 3. CHILD

WORK, LEADERSHIP AND LAW:

1. SPIRITUAL WORK,
2. MENTAL, INTELLECTUAL WORK,
3. PHYSICAL WORK

1. MAGISTRATES AND GOVERNERS (MAGES),
2. SAGES AND TEACHERS (WIZARDS),
3. HEALERS AND HELPERS (SHAMANS)

1. LEGISLATIVE POWER,
2. JUDICIAL POWER,
3. EXECUTIVE POWER

PEACE, ETHICS, CULTURE & IDENTITY:

1. BALANCE, 2. HARMONY, 3. ORDER:
peace requires and brings justice, proportion and happiness

the MAG model creates a round and concentric pattern: a peaceful, cooperative, constructive society and a sustainable civilization - balance, harmony and order.

1. LOVE, 2. FAITH, 3. HOPE

1 . GOOD, 2. WISE, CLEVER, 3. HEALTHY, STRONG & BEAUTIFUL

1. CHARACTER, ETHOS,
2. INTELLECT, WIT,
3. PLEASANT APPEARANCE AND GOOD VIBE

1. IDENTITY, 2. INTEGRITY, 3. INTEGRATION

we should return to the MAG.
the way back to the source is an initiation
into our original constitution of energy-information-matter:

PASSAGE:

1. FROM THE MATERIAL WORLD OF THE BODY (MATTER)
2. THROUGH CONSCIENCE AND CONSCIOUSNESS (INFORMATION)
3. BACK TO THE SOUL, HEART, LOVE AND COMPASSION (ENERGY)

this is the model of return, rebirth, salvation, enlightenment. it is an alchemical process, an initiation, individual and collective.

our aim is the source.

and the source is always: the SEED! the MAG.

so what is to be done?

to return to our original MAGic Eden, we need a coordinated global language reform which entails political, economic, social, ethical, religious reforms all over the world, ACCORDING TO THE ORDER WITHIN THE UNIVERSAL MAG MODEL.
