THE SEED OF LIFE:

THE TRINARY MAG MODEL

in the Hungarian or Magyar language,

MAG means SEED, CORE.

Magyar means: of the SEED.

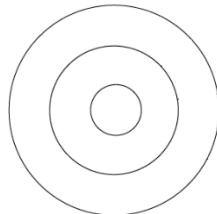

MAG-MAG suggests that **everything** is SEED.

and indeed.

so simple and basic.

the SEED is GOD: the ONE, and the ALL.

This is the SEED or MAG model:

it is a trinary concentric structure

what is a SEED?

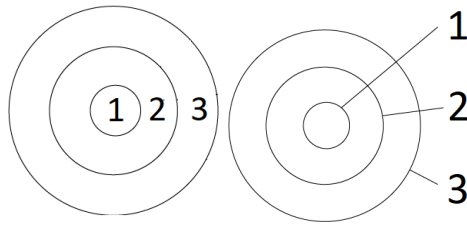

it is the perfect vessel of life,
carrying the basic program of life.

the seed is a universal model,
the unit, the common currency, the language and law of the universe.

it is the basis of all analogy and connection.

it is everywhere, coded in everything.

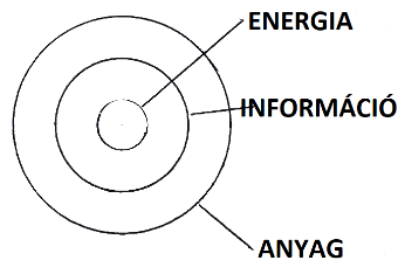

but we have forgotten.

it is the basic sequence of creation, and so it is also the basic inner structure and order of all living things,
energy emanating, flowing and transforming from inside to outside in three steps:

ONE, TWO, THREE

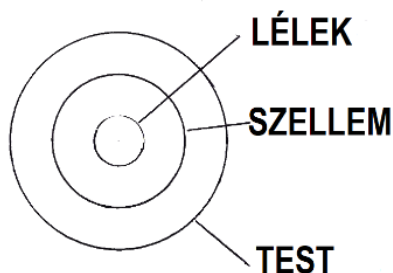

The SEQUENCE and STRUCTURE of EVERYTHING:

1.ENERGY, 2.INFORMATION, 3.MATTER

the formula of manifestation

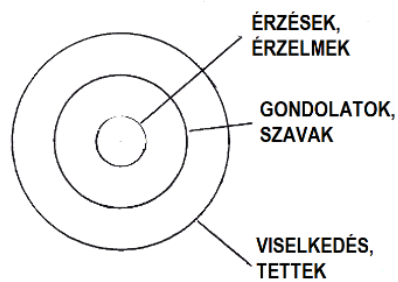

HUMANS and ALL BEINGS:

1. SOUL, 2. MIND, 3. BODY

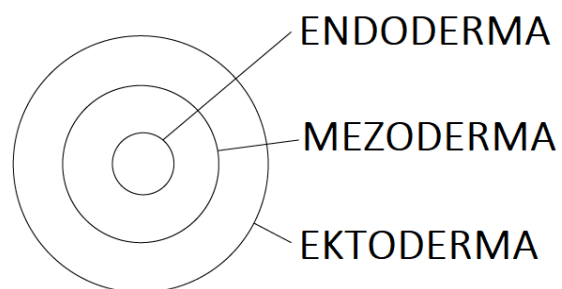

or 1.spirit, 2.consciousness, 3.physical reality

OUR VITAL CAPACITIES:

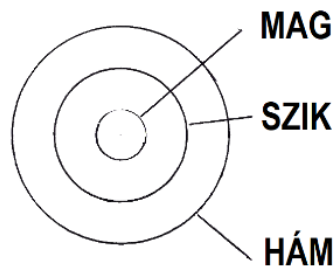

- 1.FEELINGS, EMOTIONS, SENSES,
- 2.THoughtS AND WORDS,
- 3.BEHAVIOUR AND DEEDS

The FORMATION of the BODY:

the embryo's 1.ENDODERM; 2.MEZODERM; 3.EKTODERM

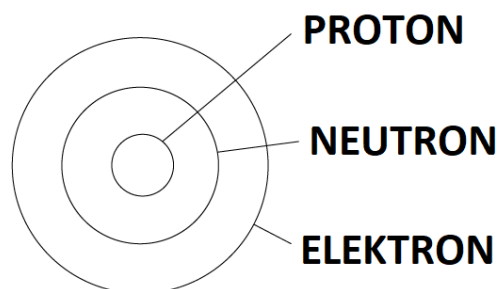

THE PLANT SEED:

1.CORE, 2.ENDOSPERM, 3.COAT

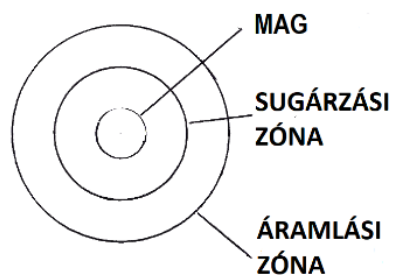

in Magyar, both the whole seed and its core are called MAG.
this is the basis of holography, one of the four major laws of the universe (see later).

THE ATOM:

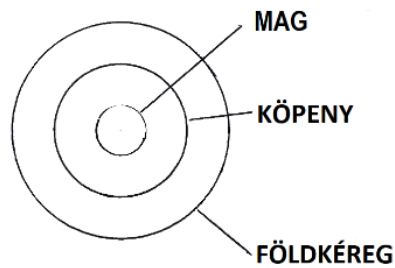

1.PROTON, 2.NEUTRON, 3.ELECTRON

THE SUN:

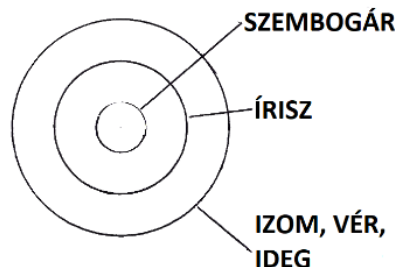

1.CORE, 2.RADIATIVE ZONE, 3.CONVECTIVE ZONE

THE EARTH:

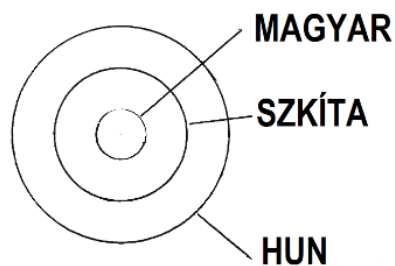

1.CORE, MAGMA, 2.MANTLE, 3.CRUST

THE HUMAN EYE:

1.PUPIL, 2.IRIS, 3.MUSCLE, BLOOD & NERVE

RACES OF THE EARTH:

1.MAGYAR, NAGAR, AMAZIR, MEDE, MAYA...

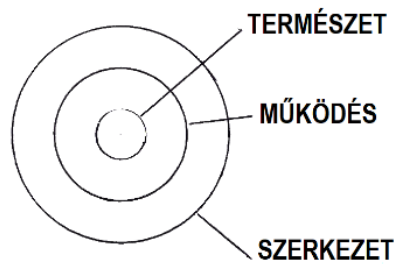

2.SCYTHIAN, SIKUL, SAKA...

3.HUN, KUN... PEOPLE AND CULTURES

their order corresponds to the three parts of the plant seed in Magyar: *mag-szik-hám*

originally, all human races and tribes of the Earth must have consciously constituted a single SEED: all belonged to one or the other part of the whole, with its own specific and relative identity and task. the SEED is the basis of human unity and order, the condition of peace.

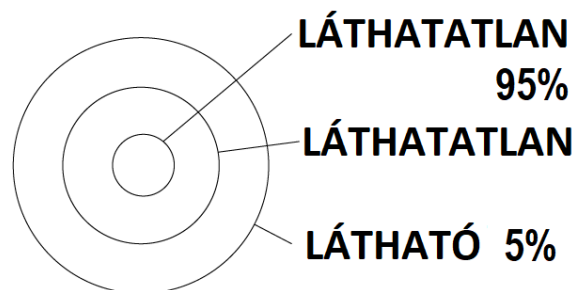

ALL PHENOMENA OF THE WORLD:

1. NATURE, 2. OPERATION, 3. STRUCTURE

(these are represented by the basic figures of 1.the circle with its centre point,
2.the vertical line, and 3.the cross,
constituting the symbol of the Sun-cross, present in all ancient cultures))

THE WORLD ITSELF:

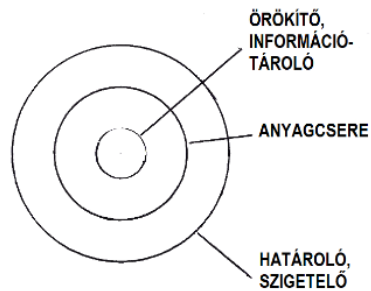

1&2.INVISIBLE: 95% of our universe consists of the invisible world of energy and information,

3.VISIBLE: only 5% of the whole is the visible world of matter

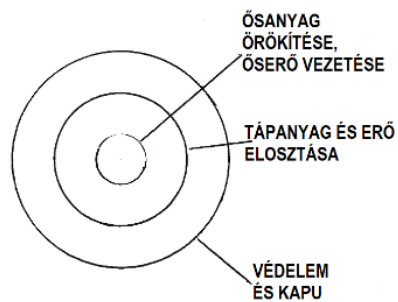

this is the natural, organic, complete, holistic, holy, universal and singular basic pattern and structure of life.

FUNCTION OF THE LIVING CELL'S PARTS:

- 1.HEREDITY AND INFORMATION-STORING,
- 2.METABOLIC SUBSYSTEM,
- 3.BORDERING AND INSULATION

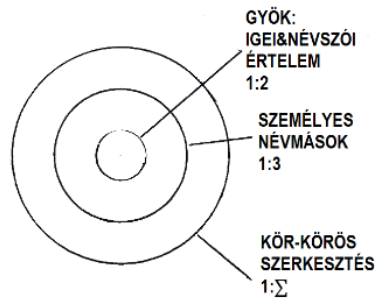

FUNCTION OF THE PLANT SEED'S PARTS:

- 1.TRANSMISSION OF ORIGINAL MATTER AND ENERGY,
- 2.DISTRIBUTION OF NUTRIENT AND ENERGY,
- 3.PROTECTION AND GATE

logically, language should also be, and originally must have been structured upon the SEED model and program.
Hungarian or Magyar is. logically and literally *of the MAG*, this ancient and still existent language provides a perfect SEED model, complementing our universal pattern even with a code:

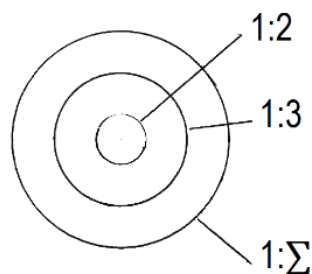

The MAGYAR LANGUAGE:

- 1.RADIX: FUSED VERB & NOUN (two meanings, nominal and verbal fused in a single form) 1:2
- 2.PERSONAL PRONOUNS (three persons flow in one circle) 1:3
- 3.CONCENTRIC CONSTRUCTION (all creations stay in one word, one unit) 1:Σ

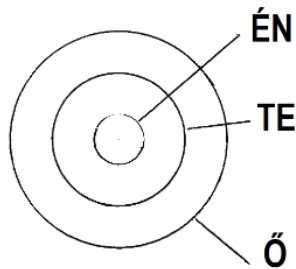

this linguistic model preserves the MAG structure, code and logic,
a radix-powered, non-gendered, concentric, agglutinating language.
this is the analogous language of the universe, nature, man and God.
Magyar is therefore the proto-language of all human languages: the mother,
the model, the SEED language.

THE MAG CODE (LAW OF THE ONE):

- 1.TWO-IN-ONE,
- 2.THREE-IN-ONE,
- 3.ALL-IN-ONE

The SEED of PERSONAL PRONOUNS in the MAGYAR LANGUAGE PROGRAM:

1.I (ÉN),
2.YOU (TE),
3.HE/SHE/IT (Ő) – in one word!

the three singular personal pronouns are the constitution of our life, identity,
and relations: these three words are our personal Trinity,
the basis our entire personal universe.

we may call this the **ÉN-TE-Ő-gene program**.

this pattern was once, is, and could be the basis of holistic, wholesome,
healthy and holy, round and centred, cyclical and circular,
cooperative and coordinative worldviews,
individuals, societies, cultures and civilizations.

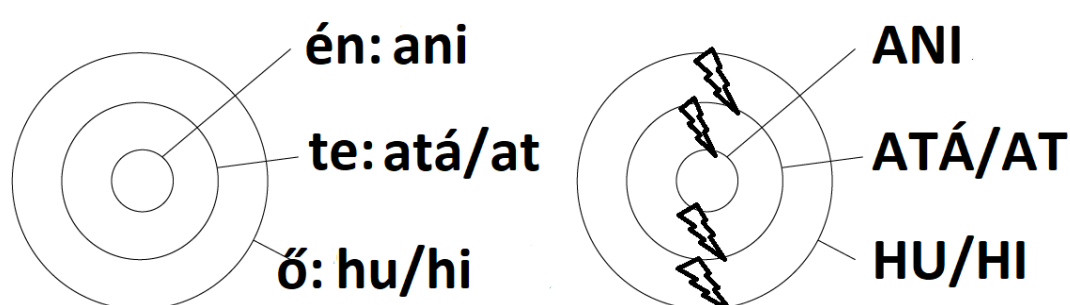

the basis of organic, cosmic, compatible and sustainable, love-based
mentality and political-economic-social-religious systems:
our original, divine and natural humanity.

the MAG language family includes all ancient, indigenous languages:
Dravidian, Sumerian, original Egyptian, Greek, American Indian, Australian
Aboriginal etc.

these languages and cultures are by now almost completely extinct,
extinguished by the schismatic cultures that came afterwards.

at a certain point in history, a radical schism happened, the pattern broke along the lines of gender division, and a virus program was born, a new language family, and with it a new paradigm: the age of patriarchy and war

***The GENDER-BROKEN SEED
of PERSONAL PRONOUNS in the
SEMITIC LANGUAGE PROGRAM:
(FROM AROUND 2600 BC?, SINCE ABRAHAM)***

- 1.I,
- 2.YOU: broken in two genders!,
- 3.HE/SHE: broken in two genders

there is a gender division in two strata of the linguistic MAG pattern,
coupled with the arbitrary and automatic
subordination of the feminine to the masculine.

this single neuro-linguistic **pattern of division and subordination** – and reversal
of the deep gender sequence of the original Holy Trinity (see later)
is responsible for unsustainable mental patterns, behavioural forms, and
systems.

this inorganic, universally incompatible and insufficient mental pattern created
and keeps sustaining division- and subordination-based, dependency- and fear-
based, wrong pattern-based and false narrative-based political-economic-social-
religious systems,

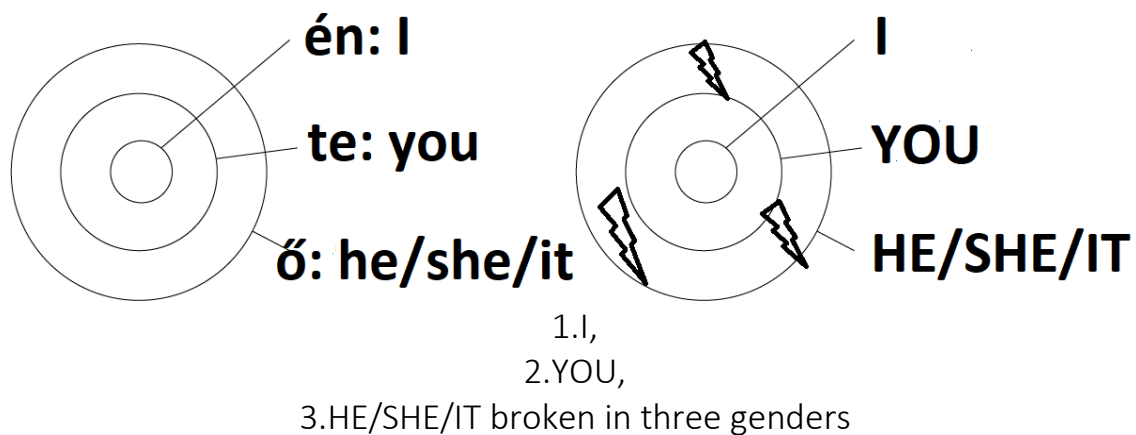

from the moment of its appearance in history.

this is the root of mass human corruption: the codification of a bad pattern.
violent imperial, colonial, warmongering, monetary patriarchies sprang up,
started spreading, to rule and control the entire world by now.

Hebrew and Arabic are two versions of the Semitic family program
to first break the linguistic tradition and law of the SEED.

soon after, a further mutation happened and a new variant of the linguistic virus appeared, breaking the mental structure into three genders:

THE GENDER-BROKEN SEED
of PERSONAL PRONOUNS in the
INDO-EUROPEAN LANGUAGE PROGRAM:
(FROM AROUND 1700 BC IN SANSKRIT, C.800 BC IN GREEK AND C.300 BC IN
LATIN)

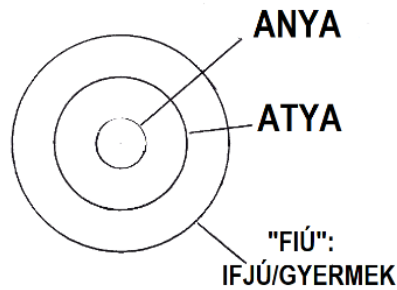

the gender division in one stratum of the linguistic MAG pattern is coupled with the arbitrary and automatic subordination of the feminine to the masculine, and the neuter to both.

this program produces the same phenomena, the same bloody patriarchies as the Semitic program, with the addition of institutionalised slavery and eco-fascism due to the **ideology** of the neuter: creating the objectified, inferior, exploitable other.

this mental program created and keeps sustaining our current paradigm.

Sanskrit was the first to institute the broken model, introducing the dividing and subordinating caste system of patriarchal Brahminism. all European language programs from imperial Greek to Latin, Germanic and Slavic languages have instituted this program. originally, these, too were SEED languages of the global Magyar-Scythian-Hun unit, but were radically broken and colonised by the bad pattern, to create a destructive and self-destructive, oppressive and self-repressive autopilot program

THE ORIGINAL HOLY TRINITY:

1.MOTHER, 2.FATHER, 3.CHILD, OFFSPRING

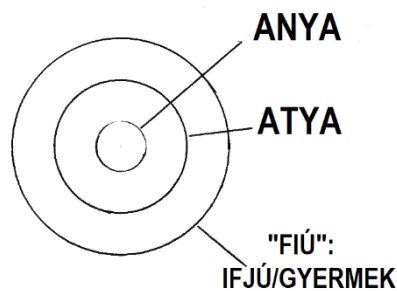

aNya corresponds to éN – SOUL,
aTya to Te – MIND,
ifjú to Ő – BODY.

this linguistic analogy in Magyar is key evidence for the original and proper Holy Trinity and personal pronoun trinity, also re-solidifying the original order of the three basic components of existence. it is our common mantra, the 1-2-3.

the MAGic structure of God, family, society, individual – and everything is analogous. that is how the universe is all-connected: based on the MAG.

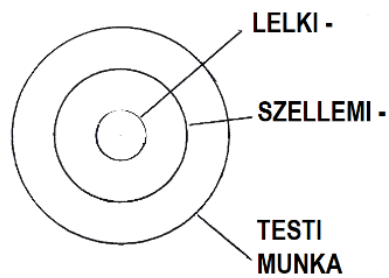

the creation sequence is Feminine-Masculine-Neuter. it is possible that the SEED-breaking program is an experiment, or a form of revenge of men on women, men on nature, men on God, body on soul, mind on heart, power and money over original magic. but *Makhtub!* (*It is written*, in Arabic) and *Hakol letova!* (*All for the better*, in Hebrew), and *All's well that ends well*. we can see where a wrong linguistic program may lead humanity, to an almost insoluble chaos. the SEED preserves our original law and order. it is time to return.

THE NUCLEAR FAMILY:

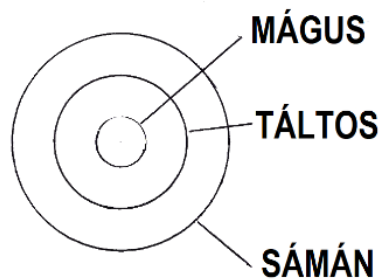

1.MOTHER, 2.FATHER, 3.CHILD

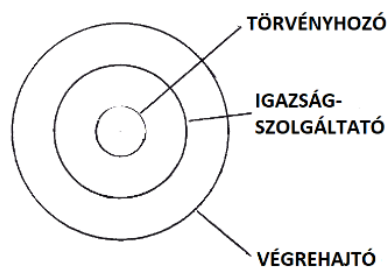

WORK, LEADERSHIP AND LAW:

- 1.SPIRITUAL WORK,
- 2.MENTAL WORK,
- 3.PHYSICAL WORK

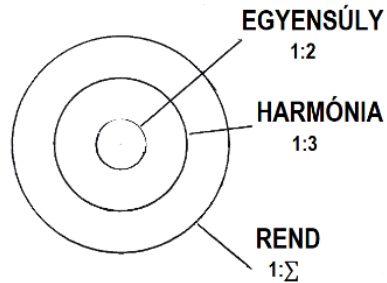

- 1.MAGES: spiritual MAGISTRATES AND GOVERNERS,
- 2.“WIZARDS”: intellectual SAGES AND TEACHERS,
- 3.SHAMANS: physical HEALERS AND HELPERS

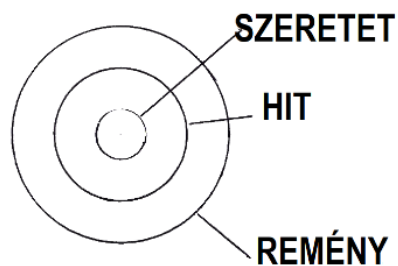

- 1.LEGISLATIVE POWER,
- 2.JUDICIAL POWER,
- 3.EXECUTIVE POWER

PEACE, ETHICS, CULTURE & IDENTITY:

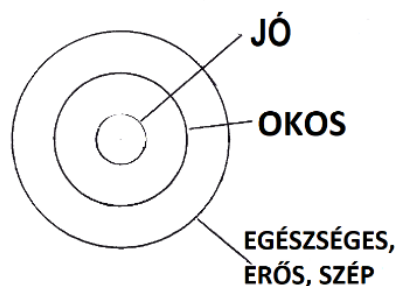

1.BALANCE, 2.HARMONY, 3.ORDER

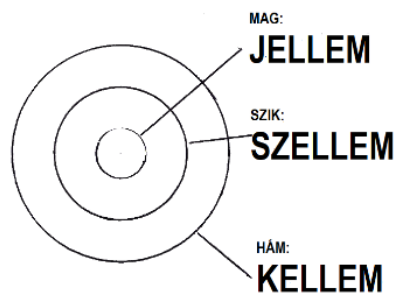

peace requires and brings justice, proportion and happiness
the MAG model creates a round and concentric pattern: a peaceful,
cooperative, constructive society and a sustainable civilization
of balance, harmony and order.

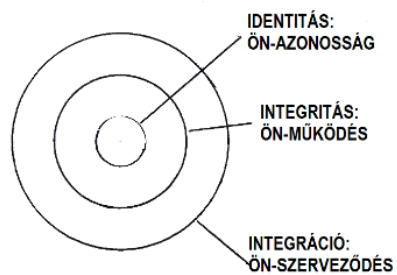

1.LOVE, 2.FAITH, 3.HOPE...

ideally, to be 1 .GOOD, 2.WISE, CLEVER, 3.HEALTHY, STRONG & BEAUTIFUL...

- 1.CHARACTER, ETHOS,
- 2.INTELLECT, WIT,
- 3.PLEASANT APPEARANCE AND GOOD VIBE...

- 1.IDENTITY, 2.INTEGRITY, 3.INTEGRATION
- happiness, peace, unity...

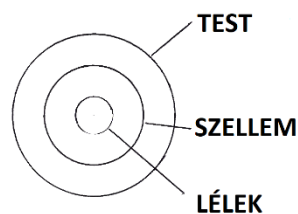

we should return to our original, legitimate, universally and naturally compatible
common **MAGic model of life**,

our holistic, wholesome and healthy Divine law and order. our original lands,
cultures, roots, our true myths, our analogous, real lives and identities, our full
creative potential, and the whole interconnected, conscious MAGical universe
that is within and around us. the MAG is the basis of all life, and all MAGic.

the passage back to our origin is the reversed, retraced sequence of creation: it
is the return, the initiation, the rite of passage back to the source, home,
from the outside back inside, to the essence, to the core.

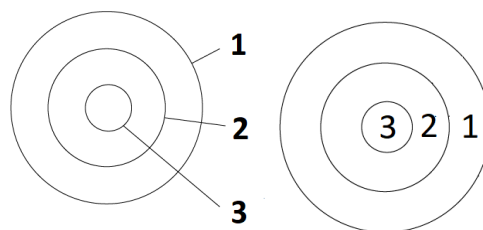

the MAG, the SEED is the beginning and the end.

PASSAGE:

1.BODY, 2.MIND, 3.SOUL

from the material world, through conscience and consciousness,
back to the divine source of all: compassion and love
